OBJECTIVE

Ambitious Information Technology student (2027) with a solid foundation in full-stack development, machine learning, and cloud technologies, supported by real-world internship experience and industry certifications. Seeking an entry-level developer role to grow, contribute, and create meaningful impact.

EDUCATION

VSB College of Engineering Technical Campus, Coimbatore

2023-2027

B.Tech – Information Technology | CGPA: 8.5

Government Higher Secondary School, Arasur

2021-2023

Computer Science with Mathematics | 81%

PROJECTS

Real-Time Facial Emotion Recognition | Python, TensorFlow, Keras, OpenCV, CNN

- Built a CNN model trained on the FER-2013 dataset (~35,000 images) to classify 7 emotions: Happy, Sad, Angry, Surprised, Fearful, Disgusted, and Neutral with 70%+ accuracy.
- Integrated OpenCV for real-time face detection from live webcam feed and applied data augmentation to reduce overfitting.

E-Commerce Store | HTML, CSS, JavaScript, Java Servlets, JSP, MySQL, MVC

- Developed a full-stack e-commerce web application with product browsing, cart management, user registration, login, and secure checkout.
- Built using Java Servlets and JSP following MVC architecture with MySQL for backend data storage.

Weather Dashboard | HTML, CSS, JavaScript, REST API

- Built a responsive weather dashboard fetching real-time data via OpenWeatherMap API to display temperature, humidity, wind speed, and 5-day forecast.
- Implemented dynamic UI updates using JavaScript with async API calls and error handling for invalid inputs.

KEY SKILLS

Languages: Python, Java, JavaScript

Web Development: HTML5, CSS3, Java Script

Database: MySQL, SQL

Tools: Git, GitHub

CERTIFICATIONS & INTERNSHIP

- NPTEL – Cloud Computing | IIT Madras
- Infosys Springboard – Cloud Computing & Full Stack Development
- Internship: Web Developer at Profenna Infotech (June – July 2024) — developed responsive web pages with hands-on exposure to front-end technologies and real-world project workflows.
- Cognizant Technoverse Hackathon 2026 — Certificate of Appreciation, Cognizant India

ACCOMPLISHMENTS

- Delivered a technical paper presentation at ASTRONOVA 2K26, Coimbatore Institute of Technology (January 2026) — demonstrated research, technical, and public speaking skills.
- Participated in Coding Contest at CRYPTERA'25, Coimbatore Institute of Technology (February 2025) — showcased competitive programming and analytical abilities.
- Attended an Artificial Intelligence & Machine Learning workshop at Sakthi Engineering College (November 2024) — gained foundational knowledge of AI/ML concepts and real-world applications.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.

PLACE: Coimbatore
